2. In respect of each of the 2 most recent completed financial years for which audited financial statements have been included in the prospectus and any interim period for which interim financial statements have been included in the prospectus, provide a narrative of the extent to which any material change in net sales or revenue, as compared to the previous financial year or previous corresponding interim period, is attributable to a change in the price or volume of products being sold or services being performed or to the introduction of a new product or service as compared to the previous corresponding period. Where the change in price or volume of products sold or services performed is due to any particular reason or factor, provide details of such reason or factor.

3. In respect of each financial year for which audited financial statements have been included in the prospectus and any interim period for which interim financial statements have been included in the prospectus, provide information regarding any significant factor, including any unusual or infrequent event or new development, which materially affected profit or loss before tax of the relevant corporation, and indicate the extent to which such profit or loss was so affected. Describe any other significant component of revenue or expenditure necessary to understand the profit or loss before tax for each of these financial periods.

4. If the impact of foreign currency fluctuations is material, state such impact and the extent to which foreign currency exposure and investment is hedged by currency borrowings or other hedging instruments.

Liquidity and Capital Resources

5. Provide the following information regarding liquidity (both short and long term):
(a) a description of the material sources of liquidity, whether internal or external, and a brief discussion of any material unused sources of liquidity, as of the latest practicable date, including a statement by the directors of the relevant corporation as to whether, in their reasonable opinion, the working capital available to the relevant corporation or, if the relevant corporation is the holding company of a group, to the group, as at the date of lodgment of the prospectus is sufficient for at least the next 12 months present requirements—and, if insufficient, how the additional working capital considered by the directors to be necessary is proposed to be provided. When ascertaining whether working capital is sufficient, any financing facilities which are not available as at the date of lodgment of the prospectus shall not be included, but net proceeds from the offer may be taken into account if the offer is fully underwritten. Where the offer is not fully underwritten, minimum net proceeds may be included only if it is an explicit condition of the offer that minimum net proceeds are to be raised and that the application monies will be returned to investors if the minimum net proceeds are not raised;

(b) an evaluation of the material sources and amounts of cash flows from operating, investing and financing activities in respect of —

(i) each financial year for which audited cash flow statements have been included in the prospectus; and

(ii) if an interim cash flow statement has been included in the prospectus, the period covered by the interim cash flow statement;

(c) the nature and extent of any legal, financial or economic restriction on the ability of a subsidiary or subsidiary entity of the relevant corporation to transfer funds to the relevant corporation in the form of cash dividends, loans or advances, and the impact such restrictions have had or are expected to have on the ability of the relevant corporation to meet its cash obligations;

(d) the level of borrowings as at the end of the most recent completed financial year or, if any interim financial statements have been included, the period covered by the interim financial statements, the extent to which the borrowings are at a fixed rate, and the maturity profile of the borrowings and committed borrowings facility, with a description of any restriction on its use; and

(e) if the relevant corporation or any other entity in the group is in breach of any of the terms and conditions or covenants associated with any credit
arrangement or bank loan which could materially affect the relevant corporation’s financial position and results or business operations, or the investments by holders of shares or units of shares, as the case may be, in the relevant corporation —

(i) a statement of that fact;
(ii) details of the credit arrangement or bank loan; and
(iii) any action taken or to be taken by the relevant corporation or other entity in the group, as the case may be, to rectify the situation (including the status of any restructuring negotiations or agreement, if applicable).

6. Provide information on the use of any financial instrument for hedging purposes, including the nature of exposure, the type of financial instrument used, the hedging policy adopted by the relevant corporation and the control procedures put in place to ensure that the hedging policy is adhered to.

7. Provide information on any material commitment for capital expenditures as of the latest practicable date and indicate the general purpose of such commitment and the anticipated source of funds needed to fulfil such commitment.

(15) Explanatory Note: Amendments proposed to be made to paragraphs 2 and 6 are mainly to elaborate on the information that should be provided.

Amendments to paragraph 5 are proposed to clarify the time period over which working capital adequacy should be considered. In proposing a 12-months period, MAS took into account the practices in the UK/EU and the time horizon which directors have to consider when assessing the appropriateness of the going concern assumption in preparing annual reports. In addition, amendments are proposed to clarify the circumstances under which net proceeds from the offer can be taken into consideration by the directors when assessing the adequacy of the issuer’s working capital.

7A. Where the amount of trade receivables is material, provide information on the relevant corporation’s credit policy, the circumstances under which credit terms may be extended, the average collection period for each of the 3 most recent completed financial years and, if any interim financial statements have
been included in the prospectus, the interim period, and any significant exposure to doubtful trade receivables for each of the 3 most recent completed financial years and, if any interim financial statements have been included in the prospectus, the interim period. If the amount of trade receivables as at the end of the most recent completed financial year or, if interim financial statements have been included, as at the end of the interim period, was significant, state the amount which has been collected as of the latest practicable date.

(16) Explanatory Note: Where trade receivables are material, MAS considers it is important for the issuer to disclose its credit policy, how credit terms may be extended and the extent to which its outstanding trade receivables have been collected. The new paragraph 7A is introduced to formalise such disclosure requirements.

Research and Development

8. Where research and development activities are material to the relevant corporation’s business, provide a description of the material research and development policies of the relevant corporation for the 3 most recent completed financial years and any interim period for which financial statements have been included in the prospectus, including the amount spent on research and development activities and the percentage of the net sales or revenue of the relevant corporation in each of those years and the interim period spent on such activities.

(17) Explanatory Note: Amendments to paragraph 8 are proposed to clarify that details relating to the issuer’s research and development policies and expenditures will be required only if such activities are material to the business of the issuer. The requirement is also extended to cover research and development expenditure in the interim period, if applicable.

Trend Information and Profit Forecast or Profit Estimate

9. Discuss — for at least the current financial year,

(a) the business and financial prospects for the next 12 months from the latest practicable date;
(b) any significant recent trends in production, sales and inventory, and in the costs and selling prices of products and services since the end of the most recent completed financial year or, if any interim financial statements have been included, the period covered by the interim financial statements; and—as well as

(c) any other known trends, uncertainties, demands, commitments or events that are reasonably likely to have a material effect on net sales or revenues, profitability, liquidity or capital resources for at least the current financial year, or that would cause financial information disclosed in the prospectus to be not necessarily indicative of the future operating results or financial condition of the relevant corporation.

If there are no such trends, uncertainties, demands, commitments or events as described in paragraph 9(b) or 9(c), provide an appropriate statement to that effect.

(18) Explanatory Note: Amendments to paragraph 9 are proposed to require the issuer to discuss its business and financial prospects for the next 12 months from the latest practicable date. Amendments have also been proposed to make clear that there are two limbs to the requirement on disclosure of trend information, namely, a discussion on any significant recent trends which the issuer has observed (historical), and disclosure of any known trends, uncertainties, demands, commitments or events which it considers may have an impact on its financial performance or position for at least the current year (forward-looking).

10. Discuss the state of the order book since the end of the most recent period for which annual or interim financial statements have been provided under Part IX of this Schedule. Where such information is not relevant to the business of the relevant corporation, provide an appropriate statement to that effect and the reason for this.

11. Where a profit forecast is disclosed, state the extent to which projected sales or revenues are based on secured contracts or orders, and the reasons for expecting to achieve the projected sales or revenues and profit, and discuss the impact of any likely change in business and operating conditions on the forecast.
12. Where a profit forecast or profit estimate is disclosed, state all principal assumptions, if any, upon which the directors of the relevant corporation have based their profit forecast or profit estimate, as the case may be.

13. Where a profit forecast is disclosed, include a statement by an auditor of the relevant corporation as to whether the profit forecast is properly prepared on the basis of the assumptions referred to in paragraph 12 of this Part, is consistent with the accounting policies adopted by the relevant corporation, and is presented in accordance with the accounting standards adopted by the relevant corporation in the preparation of its financial statements.

14. Where the profit forecast disclosed is in respect of a period ending on a date not later than the end of the current financial year of the relevant corporation, provide in addition to the statement referred to in paragraph 13 of this Part —

(a) a statement by the issue manager to the offer, or any other person whose profession or reputation gives authority to the statement made by him, —

(i) that the profit forecast has been stated by the directors of the relevant corporation after due and careful enquiry and consideration; or

(ii) to the effect that, on the basis of his examination of the evidence supporting the assumptions referred to in paragraph 12 of this Part, no matter has come to his attention which gives him reason to believe that the assumptions do not provide reasonable grounds for the profit forecast; or

(b) a statement by an auditor of the relevant corporation, prepared on the basis of his examination of the evidence supporting the assumptions referred to in paragraph 12 of this Part and in accordance with the Singapore Standards on Auditing or such other auditing standards as may be approved in any particular case by the Authority, to the effect that no matter has come to his attention which gives him reason to believe that the assumptions do not provide reasonable grounds for the profit forecast.

(19) Explanatory Note: Amendments to paragraph 14 are proposed to clarify that an opinion from the issue manager or any authoritative person on the reasonableness of the assumptions for the profit forecast could also be provided in the case of a current year profit forecast.
15. Where the profit forecast disclosed is in respect of a period ending on a date after the end of the current financial year of the relevant corporation, provide in addition to the statement referred to in paragraph 13 of this Part —

(a) a statement by the issue manager to the offer, or any other person whose profession or reputation gives authority to the statement made by him, prepared on the basis of his examination of the evidence supporting the assumptions referred to in paragraph 12 of this Part, to the effect that no matter has come to his attention which gives him reason to believe that the assumptions do not provide reasonable grounds for the profit forecast; or

(b) a statement by an auditor of the relevant corporation, prepared on the basis of his examination of the evidence supporting the assumptions referred to in paragraph 12 of this Part and in accordance with the Singapore Standards on Auditing or such other auditing standards as may be approved in any particular case by the Authority, to the effect that no matter has come to his attention which gives him reason to believe that the assumptions do not provide reasonable grounds for the profit forecast.

Provide the names of each substantial shareholder and director and the chief executive officer of the relevant corporation, and state the number and percentage of shares of each class in which each of them has an interest, whether direct or deemed under section 4 of the Act, as of the latest practicable date and immediately after the offer. Disclose any significant change in the percentage of ownership in the last 3 years prior to the latest practicable date. (a) a subsidiary of the second-mentioned person;

(b) a person who is accustomed or is under an obligation, whether formal or informal, to act in accordance with the directions, instructions or wishes of the second-mentioned person in relation to those shares; or

7. Describe any known arrangement the operation of which may, at a subsequent date, result in a change in control of the relevant corporation.

Material Background Information

8. Disclose the following matters concerning a director, key executive or controlling shareholder of the relevant corporation:

(a) whether at any time during the last 10 years, an application or a petition under any bankruptcy laws of any jurisdiction was filed against him or against a partnership of which he was a partner at the time when he was a partner or at any time within 2 years from the date he ceased to be a partner;

**Compensation for Services**

9. Disclose, in bands of up to $250,000 —

   (a) the amount of compensation paid by the relevant corporation or its subsidiary or subsidiary entity for each of the 2 most recent completed financial years; and

   (b) the estimated amount of compensation paid and to be paid by the relevant corporation or its subsidiary or subsidiary entity for the whole of the current financial year,

   to —

   (i) each director of the relevant corporation;

   (ii) the chief executive officer of the relevant corporation; and

   (iii) each of the top 5 (in terms of amount of compensation) key executives (not being the chief executive officer or directors) of the relevant corporation or, if the relevant corporation is the holding company of a group, of the group,

   for services rendered by such a person in all capacities to the relevant corporation or its related corporation or related entity.

10. For the purpose of paragraph 9 of this Part —

   (a) compensation includes any benefit in kind; and

   (b) compensation that has already been paid includes any deferred compensation accrued for the financial year in question and payable at a later date.

11. For the purposes of paragraph 9(b) of this Part, any estimated amount of compensation that is to be paid pursuant to any bonus or profit-sharing plan or any other profit-linked agreement or arrangement, but which has not yet been paid, may be excluded from the calculation of the estimated amount of compensation in respect of the whole of the current financial year, provided that that fact is stated.

12. If any portion of the compensation was paid or is to be paid pursuant to any bonus or profit-sharing plan or any other profit-linked agreement or
arrangement, identify the person to whom such compensation was or is to be paid and briefly describe such plan, agreement or arrangement and the basis of such person’s participation in the plan, agreement or arrangement. **For persons who are not directors or controlling shareholders, disclosure of their bonus or profit-sharing plan or any other profit-linked agreement or arrangement need not be provided on an individual basis if —**

(a) the total amount paid or which is to be paid pursuant to any such plan, agreement or arrangement to such persons, on an individual basis, had not accounted or would not account for more than 1% of the profit before tax of the relevant corporation, or if the relevant corporation is the holding company of a group, the group, in any financial year; and

(b) the maximum aggregate amount that was paid or is to be paid to such persons under such plans, agreements or arrangements in each financial year is disclosed.

(21) **Explanatory Note:** MAS has received feedback that the requirement to disclose profit-sharing plans, agreements or arrangements in the prospectus may compromise staff recruitment and retention efforts of issuers, particularly in highly competitive industries where poaching of skilled or experienced key executives by competitors is commonplace. MAS has no objection to issuers not disclosing details of an individual’s profit-sharing plan provided that he is not a director or controlling shareholder and the profit-sharing portion paid or to be paid to him had or would not exceed 1% of profit before tax. However, MAS considers that the maximum aggregate amount paid or to be paid under such profit sharing plans should be disclosed, so as to give investors an indication on the extent of such costs to the company. Amendments to paragraph 12 are proposed to give effect to this position.

13. If any portion of the compensation was paid or is to be paid in the form of stock options, identify the persons to whom such compensation was or is to be paid and provide the description and number of shares covered by the options, the exercise price, the option purchase price (if any), the period during which the options are exercisable and the expiration date of the options.

14. State the total amounts set aside or accrued by the relevant corporation or its subsidiary or subsidiary entity to provide pension, retirement or similar benefits, if any.
15. Provide details of any existing or proposed service contract entered or to be entered into by the directors of the relevant corporation with the relevant corporation or its subsidiary or subsidiary entity which provide for benefits upon termination of employment, or an appropriate negative statement.

16. For a service contract referred to in paragraph 15 of this Part with a fixed term, state the term of each such contract, the unexpired term and the name of the relevant director.

16A. Disclose, in incremental bands of up to $50,000 each, the amount of compensation paid by the relevant corporation or its subsidiary or subsidiary entity for each of the 2 most recent completed financial years to each employee who is an immediate family member of a director or chief executive officer of the relevant corporation. If such information cannot be provided, explain why.

(22) Explanatory Note: The Code of Corporate Governance 2012 states that for transparency, the annual remuneration report should disclose the details of the remuneration of employees who are immediate family members of a director or the CEO, and whose remuneration exceeds S$50,000 during the year. The code further provides that disclosure of remuneration should be in incremental bands of S$50,000 and the company need only show the applicable bands. The proposed new paragraph 16A is to require such disclosures to be made in the prospectus, in line with the requirement under the Code of Corporate Governance 2012.

Board Practices

17. With respect to each of the directors of the relevant corporation, state the date of expiration of the current term of office, if applicable, and the period for which the person has served in that office.

Employees

19. Provide either —
(a) the average number of employees of the relevant corporation or, if the relevant corporation is the holding company of a group, of the group for each of the 3 most recent completed financial years and any interim period for which financial statements have been included in the prospectus, and the reason for any change in the average number of such employees, if material; or

(b) the number of employees of the relevant corporation or, if the relevant corporation is the holding company of a group, of the group as at the end of each of the 3 most recent completed financial years and any interim period for which financial statements have been included in the prospectus, and the reason for any change in the number of such employees, if material, and, if possible, a breakdown of persons employed by activity and geographic location. Disclose information regarding the relationship between management and labour unions. If the relevant corporation or, if the relevant corporation is the holding company of a group, the group employs a significant number of temporary employees, disclose the average number of temporary employees in respect of the most recent completed financial year.

(23) **Explanatory Note:** Amendments to paragraph 19 are proposed to clarify that information on the number of employees should also be provided for the interim period, if applicable.

**Share Options**

20. Unless otherwise disclosed pursuant to paragraphs 9 and 13 of this Part(Compensation for Services), provide information as to the options on the shares of the relevant corporation granted to each of the directors and the chief executive officer of the relevant corporation, including, in respect of each option —

(a) the description and number of shares covered by the option;

(b) the exercise price;

(c) the option purchase price (if any);

(d) the period during which the option is exercisable; and (e) the expiration date of the option.
21. Describe any arrangement which involves the employees of the relevant corporation and, if the relevant corporation is a holding company, the directors or employees of a subsidiary, a subsidiary entity, an associated company or an associated entity of the relevant corporation, in the capital of the relevant corporation, including any arrangement that involves the issue or grant of options or shares or any other securities or securities-based derivatives contracts of the relevant corporation.

   (a) that has been completed or will be completed at or before the close of the offer, disclose whether or not the transaction has been or will be carried out on an arm’s length basis;

   (b) that will continue after the close of the offer, disclose —

      (i) whether or not the transaction has been carried out on an arm’s length basis; and

      (ii) the procedure undertaken or which will be undertaken to ensure that such transaction will be carried out on an arm’s length basis; or

4. Where transactions or loans between the entity at risk and an interested person of the relevant corporation are similar and recurring in nature or could otherwise be grouped in a meaningful manner, the information required with respect to the transactions or loans in paragraphs 1, 2 and 3 of this Part should be provided on an aggregate basis, if the aggregate of these transactions or loans are material in the context of the offer.

**Conflict of Interests**

5. Where a director or controlling shareholder of the relevant corporation or his associate has an interest in any entity carrying on the same business or dealing in similar products as the relevant corporation or, if the relevant corporation is the holding company of a group, as the group, disclose —

(d) whether any conflict of interests thereby arising has been or is to be resolved or mitigated and, if so, how it has been or is proposed to be resolved or mitigated.
Interests of Experts

6. If an expert named in the prospectus —

(a) is employed on a contingent basis by the relevant corporation or its subsidiary or subsidiary entity;

(b) has a material interest, whether direct or indirect, in the shares of the relevant corporation or its subsidiary, or in the equity interests of its subsidiary entity; or

not imply that the Securities and Futures Act, or any other legal or regulatory requirements, have been complied with. The Authority has not, in any way, considered the merits of the debentures or units of debentures, as the case may be, being offered for investment.”; and

(ii)(iii) “As with all investment products, you should consider whether this is a suitable investment for yourself given your investment objectives and risk appetite. You are responsible for your own investment choices.”;

(c) the name of the entity (referred to in this Schedule as the relevant entity) in respect of which the debentures or units of debentures, as the case may be, are being offered, and its country of incorporation or constitution;

(d) a statement to the effect that an application has been or will be made to an securitiesapproved exchange to list for quotation or quote the debentures or units of debentures, as the case may be, being offered on that securitiesapproved exchange, and the name of such securitiesapproved exchange; and

(e) a statement that no debentures or units of debentures, as the case may be, shall be allotted or allocated on the basis of the prospectus, later than 6 months after the date of registration of the prospectus by the Authority.

PART II

IDENTITY OF DIRECTORS, KEY EXECUTIVES, GUARANTOR ENTITIES, ADVISERS AND AGENTS

Directors and Key Executives

1. Provide the names, addresses and occupations of each of the directors or equivalent persons and key executives of the relevant entity. In the case of a guaranteed debenture issue, provide also such information in respect of the guarantor entity.

Advisers

2. Provide the names and addresses of —

the relevant entity’s principal banker or bankers;

(a) the issue manager (whether referred to as an issue manager, a lead manager, an arranger or otherwise) to the offer, if any;
(b) the arranger of the offer, if any; (d) the underwriter to the offer, if any; and
(c) the legal adviser for or in relation to the offer.

Explanatory Note: Amendments to paragraph 2 are proposed mainly to remove the requirement for disclosure of the identities of the issuer’s principal banks, as industry commented that such information is not significant to debenture holders. Amendments are also proposed to remove the separate reference to “arranger” which could currently cause confusion. In the case of an offer of debentures or units of debentures, the term “issue manager” would include an “arranger”, or a “lead manager”.

Guarantor Entity

3. In the case of a guaranteed debenture issue, provide the name and address of the guarantor entity.

Auditors

4. Provide the names, addresses and professional qualifications (including any membership in a professional body) of the relevant entity’s auditors for the 2 most recent completed financial years. If applicable, provide also the name, address and professional qualifications (including any membership in a professional body) of any other auditor engaged by the relevant entity in relation to the requirements under Parts V and VIII of this Schedule. In the case of a guaranteed debenture issue, provide also such information in respect of the guarantor entity.

5. In a case where 2 or more persons are engaged by the relevant entity or guarantor entity to jointly audit, report on or prepare financial information for the relevant entity or guarantor entity, as the case may be, all of these persons shall be treated as auditors for the purposes of the requirements under Parts V and VIII of this Schedule if at least one of these persons satisfies the definition of auditor in section 2(1) of the Act.

Registrars and Agents

6. Provide the names and addresses of the relevant entity’s paying agents, registrars, transfer agents and receiving bankers for the debentures or units of debentures, as the case may be, being offered.
Representative for Debenture Holders

7. Provide the name and address of the trustee, fiscal agent or any other representative for the debenture holders, and the main terms of the document governing such trusteeship or representation, including provisions concerning the functions, rights and obligations of the trustee, fiscal agent or representative. Disclose any conditions precedent or other requirements that are to be satisfied before the trustee, fiscal agent or representative will —

(a) enforce a lien against the property of the relevant entity;

(b) act on behalf of the debenture holders; or

(c) take any action at the request of the debenture holders.

8. If, in the reasonable opinion of the directors or equivalent persons, the trustee, fiscal agent or representative has a material relationship with the relevant entity which could cause a conflict to arise between its interest as a trustee, fiscal agent or representative for the debenture holders and its other interests, describe the nature and terms of such relationship and explain why the directors or equivalent persons of the relevant entity still consider its appointment to be appropriate.

(43) Explanatory Note: Amendments to paragraph 7 are proposed to elaborate on the information that should be provided. In addition, a new paragraph 8 is proposed to require the prospectus to disclose any material relationship between the relevant entity and the trustee, fiscal agent or any other representative for the debenture holders which could cause a conflict of interest to arise. These amendments are in line with the IOSCO Disclosure Principles for Debt Offerings. It is also proposed that the issuer’s directors be required to provide an explanation on the appropriateness of the appointment so that investors can make a proper assessment on whether their interests may be prejudiced.

PART III
OFFER STATISTICS AND TIMETABLE

Offer Statistics

1. For each method of offer, state —
(a) the amount of subscriptions that are being sought and, where applicable, the fact that the subscriptions may be reduced;

(b) the nature, denomination and, where applicable, number of the debentures or units of debentures, as the case may be, being offered;

(c) where the debentures or units of debentures, as the case may be, are being offered at a discount or premium, the face value of the debentures or units of debentures being offered; and

(d) the currency of the issue and, if the issue is payable in any currency other than the currency of issue, this fact.

(44) Explanatory Note: In relation to paragraph 1(c), the requirement to state the discount or premium and the method for determining such discount or premium on the debentures or units of debentures is proposed in paragraph 1 Part IX.

Method and Timetable

2. Provide the information referred to in paragraphs 3 to 7 of this Part to the extent applicable to —

(a) the offer procedure; and

(b) where there is more than one group of targeted potential investors and the offer procedure is different for each group, the offer procedure for each group of targeted potential investors.

3. State the time at, date on, and period during which the offer will be kept open, and the name and address of the person to whom the purchase or subscription applications are to be submitted. If the exact time, date or period is not known on the date of the registration of the prospectus by the Authority, describe the arrangements for announcing the definitive time, date or period. State the circumstances under which the offer period may be extended or shortened, and the duration by which the period may be extended or shortened. Describe the manner in which any extension or early closure of the offer period shall be made public.

4. State the method and time limit for paying up for the debentures or units of debentures, as the case may be, being offered.

5. State, where applicable, the methods of and time limits for —
(a) the delivery of the documents evidencing title to the debentures or units of debentures, as the case may be, being offered (including temporary documents of title, if applicable) to subscribers or purchasers; and

(b) the book-entry transfers of the debentures or units of debentures, as the case may be, being offered in favour of subscribers or purchasers.

6. In the case of any pre-emptive rights to subscribe for or purchase the debentures or units of debentures, as the case may be, being offered, state the procedure for the exercise of any right of pre-emption, the negotiability of such rights and the treatment of such rights which are not exercised.

7. Provide a full description of the manner in which results of the allotment or allocation of the debentures or units of debentures, as the case may be, being offered are to be made public and, where appropriate, the manner for refunding excess amounts paid by applicants (including whether interest will be paid).

PART IV

KEY INFORMATION

Principal Terms and Conditions

1. Provide the following information on the debentures or units of debentures, as the case may be, being offered:

   (a) the yield, a summary of the method by which that yield is calculated, the issue and redemption prices, the nominal interest rate and —

       (i) if the nominal interest rate is a floating rate, how the rate is calculated; or

       (ii) if several or variable interest rates are provided for, the conditions for changes in the rate;

   (b) the date from which interest accrues and the interest payment dates;

   (c) the procedures for, and validity period of, claims to payment of interest and repayment of the principal sum;

   (ca) if the principal sum of, or the interest on, the debentures or units of debentures, as the case may be, is payable in any currency other than the currency of the issue, state this fact. Where payments may be payable in 2 or more currencies, indicate —
(i) the person or persons who have the power to determine the currency or currencies in which payment is to be made and the applicable currency exchange rates, and

(ii) the basis on which both determinations in (i) will be made.

d) the final repayment date and any early repayment dates, specifying whether exercisable at the option of the relevant entity or of the holder of the debentures or units of debentures, as the case may be;

e) details of the arrangements for the amortisation or early redemption of the debentures or units of debentures, as the case may be, including procedures to be adopted;

f) a description of any subordination or seniority of the issue to other debts of the relevant entity already incurred or to be incurred. If the rights of the holders of the debentures or units of debentures, as the case may be, will be subordinated to other security holders or creditors, state the aggregate amount of outstanding indebtedness that ranks in priority to the debentures or units of debentures being offered as of the latest practicable date. If there is no limitation on the creation of additional indebtedness that ranks in priority to the debentures or units of debentures being offered, state such fact;

g) the rights conferred upon the holders of the debentures or units of debentures, as the case may be, including rights in respect of interest and redemption, and whether these rights may be materially limited or qualified by the rights of any other class of security holders or creditors;

h) the particulars of any security, including provisions relating to the release or substitution of such security, if applicable, and where the security is in the form of a fixed asset, any requirement for the maintenance of such asset;

i) the particulars of any significant covenant, including those concerning subsequent issues of other forms or series of debentures or units of debentures;

j) where applicable, a statement as to whether or not the relevant entity has any right to create additional charges over any of the assets subject to a charge to secure the repayment of the debentures or units of debentures, as the case may be, which will rank in priority to or pari passu with the second-mentioned charge and, if there is such a right, particulars of its nature and extent;
(k) the nature and scope of any guarantee, surety or commitment intended to ensure that the issue will be duly serviced with regard to both the principal sum of and the interest on the debentures or units of debentures, as the case may be, and the material terms and conditions of such guarantee, surety or commitment, including any conditions for the application of such guarantee, surety or commitment and any conditions to which the application of such guarantee, surety or commitment are subject;

(l) any legislation under which the debentures or units of debentures, as the case may be, have been created, and the governing law and the competent courts in the event of litigation;

(m) definition of events constituting defaults and the remedies available in the event of default, including the effect of a default upon acceleration of maturity of the debentures or units of debentures, as the case may be, as well as information on when holders of the debentures or units of debentures would be able to take action to enforce their claims; and

(ma) the procedures in place and actions to be taken by the relevant entity, guarantor entity, trustee, fiscal agent or any other representative for the debenture holders (as the case may be) in the event of a default or potential event of default, including –

(i) in relation to the procedures that will be taken in the event of default or potential event of default, the communication plans with debenture holders and whether any meeting of debenture holders will be convened by the relevant entity, guarantor entity, trustee, fiscal agent or other representative for the debenture holders;

(ii) whether the trustee, fiscal agent or any other representative for the debenture holders is bound to take steps to ascertain whether there is an event of default or potential event of default; and

(iii) the conditions which must be fulfilled in order for the trustee to take any action on behalf of debenture holders or at the request of debenture holders, including any threshold of approval or instruction by debenture holders and any pre-funding or indemnification requirement;

(n) provisions for modifications of setting out how the terms and conditions of the debentures or units of debentures, as the case may be, or the rights
of the holders of the debentures or units of debentures, may be modified; and

(o) the consequences of any failure to make payments which does not constitute an event of default and the remedies available under the terms of the debentures or units of debentures, as the case may be, or the applicable law.

(45) **Explanatory Note:** Amendments to paragraph 1 are proposed mainly to set out certain additional information relating to terms of the debentures which should be disclosed. These amendments are in line with the IOSCO Disclosure Principles for Debt Offerings.

In addition, sub-paragraph (ma) of paragraph 1 is to require disclosure of what investors should expect in event of default (or potential event of default), including the trustee’s role in such an event.

---

**Periodic Disclosures**

1A. State whether or not the relevant entity and its guarantor entity are required under the terms of the document governing trusteeship or representation of the debenture holders, or under any applicable law or the rules of the approved exchange, to make periodic disclosures of its financial statements or other information so as to enable holders of the debentures or units of debentures, as the case may be, to assess the relevant entity’s and its guarantor entity’s ability to fulfil their respective obligations under the debentures or units of debentures, as the case may be.

(46) **Explanatory Note:** New paragraph 1A is proposed to require the issuer to disclose whether or not it has an obligation to make periodic disclosures to debenture holders. This will enable investors to assess if they will be able to get an early indication of any deterioration in the issuer’s financial condition. This is in line with the IOSCO Disclosure Principles for Debt Offerings.
Credit Rating

2. If the relevant entity, its guarantor entity or the debentures or units of debentures being offered have been given a credit rating by a credit rating agency, disclose —

(a) the name of the credit rating agency;

(b) the credit rating (including whether it is a short-term or long-term credit rating);

(c) whether any fee or benefit of any kind has been paid by or not the relevant entity, its guarantor entity or any of their related parties, had paid any fee or benefit of any kind to the credit rating agency in consideration for the credit rating assessment; and

(d) the date on which the credit rating was given.

2A. If a credit rating is disclosed under paragraph 2, provide the following information —

(a) a statement on whether the credit rating is current as of the date of registration of the prospectus;

(b) a statement to the effect that if there is any change in the credit rating from the date of registration of the prospectus to the close of the offer, the relevant entity shall lodge a supplementary or replacement prospectus to update the credit rating;

(c) a statement that the credit rating is not a recommendation to invest in the debentures or units of debentures, as the case may be, and investors should perform their own evaluation as to whether the investment is appropriate;

(d) a statement that the credit rating may be subject to revision or withdrawal at any time;

(e) a statement that the credit rating is only a statement of opinion;

(f) a statement stating the specific source or sources where the following information can be obtained —

   (i) the rating methodology used by the credit rating agency;

   (ii) the relative ranking of the credit rating;

   (iii) an explanation of the meaning and limitations of the credit rating; and
(iv) if the credit rating is a “preliminary”, “provisional” or “expected” rating, the status of that designation and its implications on the relevant entity or the debentures or units of debentures being offered or, in the case of a guaranteed debenture issue, its implications on the relevant entity, its guarantor entity or the debentures or units of debentures being offered; and

(g) if the credit rating is a “preliminary”, “provisional” or “expected” rating, a statement undertaking to announce the final rating when it is available; and

(h) if the credit rating is below that of BBB by Fitch Ratings, Baa by Moody’s Investors Service or BBB by Standard and Poor’s Ratings Services, provide the following statement:

“This rating is a non-investment grade credit rating.”

2B. If the relevant entity, its guarantor entity, and the debentures or units of debentures (as the case may be) being offered have not been given a credit rating by a credit rating agency, state this fact and provide a statement to the effect that not having a credit rating means that an independent assessment by a credit rating agency of the default risk of the relevant entity, its guarantor entity, and the debentures or units of debentures (as the case may be) being offered has not been made.

(47) Explanatory Note: Given that the credit rating of the issuer, its guarantor or the debentures being offered is material information, it must be kept updated up till the close of the offer. New paragraph 2A is proposed to make this clear. Further, while credit ratings may provide useful information on the credit quality of the issuer, its guarantor or the debentures being offered, it is important that investors be alerted to the significance and limitations of such ratings so that they will not place undue reliance on the rating when making investment decisions. New paragraph 2A therefore seeks to also require issuers to explain the significance and limitations of credit ratings when a rating is disclosed in the prospectus.

In addition, sub-paragraph (h) of paragraph 2A is proposed to require issuers to highlight to investors where any credit rating is non-
investment grade, and paragraph 2B is proposed to require disclosure of the fact and implications of a lack of a credit rating.

Capitalisation and Indebtedness

3. Provide a statement of capitalisation and indebtedness (including the amount of cash and cash equivalents) as of a date no earlier than 60 days prior to the date of lodgment of the prospectus, showing the capitalisation and indebtedness (distinguishing between guaranteed and nonguaranteed, and secured and unsecured, indebtedness) of —

   (a) the relevant entity; or

   (b) if the relevant entity is the holding company or holding entity of a group, the group,

as the case may be, and if applicable, adjusted to reflect the sale of new debentures or units of debentures, as the case may be, being issued and the intended application of the net proceeds therefrom. For the purposes of this paragraph, indebtedness includes indirect and contingent indebtedness. Disclose any other significant contingent liabilities and the nature of such liabilities. In the case of a guaranteed debenture issue, provide also such information in respect of the guarantor entity.

Use of Proceeds from Offer and Expenses Incurred

4. In the same section, provide the information set out in paragraphs 5 to 9A of this Part.

5. Disclose the estimated amount of the proceeds from the offer (net of the estimated amount of expenses incurred in connection with the offer) (referred to in this paragraph and paragraph 6 of this Part as the net proceeds). Where only a part of the net proceeds will go to the relevant entity, indicate the amount of the net proceeds that will be raised by the relevant entity. If none of the proceeds will go to the relevant entity, provide a statement of that fact.

6. Disclose how the net proceeds raised by the relevant entity from the offer will be allocated to each principal intended use. If the anticipated proceeds will not be sufficient to fund all of the intended uses, disclose the order of priority of such uses, as well as the amount and sources of other funds needed. Disclose also how the proceeds will be used pending their eventual utilisation for the proposed uses. Where specific uses are not known for any portion of the proceeds, disclose the general uses for which the proceeds are proposed to be applied. Where the
offer is not fully underwritten on a firm commitment basis, state the minimum amount which, in the reasonable opinion of the directors or equivalent persons of the relevant entity, must be raised by the offer of debentures or units of debentures, as the case may be.

7. If any material part of the proceeds to be raised by the relevant entity will be used, directly or indirectly, to acquire or refinance the acquisition of an asset, business or entity other than in the ordinary course of business, briefly describe the asset, business or entity and state its purchase price. Provide information on the status of the acquisition as well as the estimated completion date. Where funds have already been expended for the acquisition, state the amount which has been paid by the relevant entity, or, if the relevant entity is the holding company or holding entity of a group, the amount which has been paid by the relevant entity or any other entity in the group. If the asset, business or entity has been or will be acquired from an interested person of the relevant entity, identify the interested person and state how the cost to the relevant entity is or will be determined as well as whether the acquisition is on an arm’s length basis.

8. If any of the proceeds to be raised by the relevant entity will be used to finance or refinance the acquisition of another business, briefly describe the business and give information on the status of the acquisition.

9. If any material part of the proceeds to be raised by the relevant entity will be used to discharge, reduce or retire the indebtedness of the relevant entity or, if the relevant entity is the holding company or holding entity of a group, describe the maturity of such indebtedness and, for indebtedness incurred within the past year, the uses to which the proceeds giving rise to such indebtedness were put.

9A. Disclose —

(a) the amount of discount or commission per debenture or per unit of debenture, as the case may be, agreed upon between —

(i) the underwriter or other placement or selling agent in relation to the offer; and

(ii) the relevant entity or holder of debentures or units of debentures of the relevant entity selling such debentures or units of debentures;

(b) the major expenses incurred in connection with the offer and the issue and distribution of the debentures or units of debentures, as the case may be (in absolute terms and as a percentage of the total amount of the offer)
that are payable by, or on behalf of, the relevant entity, in a reasonably itemised statement; and

(c) if any expenses are to be paid by a person on behalf of the relevant entity, the identity of the person.

(48) Explanatory Note: Disclosure of expenses to be paid in relation to the offering enables investors to assess how much of the proceeds goes into paying expenses and the amount of commissions and discounts paid to underwriters or other placement or selling agents. New paragraph 9A is proposed to require the issuer to provide such disclosures. This is in line with the IOSCO Disclosure Principles for Debt Offerings.

Risk Factors

9.10. Disclose, in a specific section with the heading “Risk Factors”, the risk factors that are specific to the relevant entity and its industry as well as the debentures or units of debentures, as the case may be, being offered, which had materially affected, or could materially affect, directly or indirectly, the relevant entity's ability to fulfil its obligations to holders of the debentures or units of debentures, as the case may be, or the price or value of the debentures or units of debentures, or both, financial position and results and business operations, and investments by holders of debentures or units of debentures of the relevant entity. In the case of a guaranteed debenture issue, provide also such the same type of information in respect of the guarantor entity.

(49) Explanatory Note: To comply with the disclosure requirement, issuers may sometimes include too many risk factors which may end up undermining the value of disclosure. Amendments to paragraph 10 are proposed to make clear that the issuer of debentures or units of debentures should focus on those risks which are useful to investors in assessing whether the issuer is able to fulfil its obligations, as well as the investment and market risks which could affect their investments.
PART V
INFORMATION ON THE RELEVANT ENTITY

History of the Relevant Entity

1. Provide the following information:

   (a) the date of incorporation or constitution and, where the constituent documents of the relevant entity provide a limit as to the duration for which the relevant entity is to exist, such duration;

   (b) the legal form of the relevant entity, the legislation under which it operates, and the address and telephone and facsimile numbers of its registered office and principal place of business (if different from those of its registered office);

   (c) the length of time for which the business of the relevant entity or, if the relevant entity is the holding company or holding entity of a group, of the group has been carried on; and

   (d) a description of any recent events particular to the relevant entity or, if the relevant entity is the holding company or holding entity of a group, any recent events particular to any entity of the group, which is material to the evaluation of the solvency of the relevant entity or its ability to meet its obligations to holders of the debentures or units of debentures, as the case may be, material capital investment by the relevant entity or, if the relevant entity is the holding company or holding entity of a group, by the group, the making or divestment of which is being planned for or in progress, including the geographical location of the investment and the method of financing.

(50) Explanatory Note: The requirement in paragraph 1(d) is moved to paragraph 6 of this Part given that they relate to the same subject matter. In its place, a new requirement is introduced to require the prospectus to disclose information on any recent events which are material to the evaluation of the issuer’s solvency or its ability to fulfil its obligations to debenture holders. This is in line with the requirements prescribed under the EU/UK Prospectus Directive.
Organisational Structure

2. If the relevant entity is part of a group, briefly describe the group, and the relevant entity’s position within the group. If the relevant entity is dependent (whether wholly or partly) on other entities within the group for its profitability and viability, identify such entities and explain this dependence. The holding company or holding entity of a group, if applicable, should provide information on every subsidiary and subsidiary entity of the relevant entity, being a subsidiary or subsidiary entity, as the case may be, the absolute amount of the net assets, net liabilities or profit or loss before tax of which accounts for 10% or more of the absolute amount of the net assets, net liabilities or profit or loss before tax, respectively, of the group for any of the 2 most recent completed financial years. Such information shall include the name, country of incorporation or constitution, principal place of business, principal activities, proportion of ownership interest of the relevant entity and, if different, proportion of voting power held by the relevant entity.

(51) Explanatory Note: Amendments to paragraph 2 are proposed to reduce the amount of details which the issuer has to provide in respect of its significant subsidiaries as such detailed information is not necessary for debenture holders. It is proposed instead that disclosure be limited to the case where the issuer is dependent on any entity within the group. This is in line with the requirements prescribed under the EU/UK Prospectus Directive.

Business Overview and Financial Review

3. Provide the following information in respect of the relevant entity:

(a) the nature of the operations and principal activities;

(b) the main categories of products sold and services performed and any significant new products or services;

(c) the principal markets in which the relevant entity competes;

(d) the net sales or revenue of the relevant entity for the 2 most recent completed financial years;

(e) in respect of each financial year for which audited financial statements have been included in the prospectus and any interim period for which interim financial statements have been included in the prospectus, any significant factor, including any unusual or infrequent event or new
development, which materially affected profit or loss before tax of the relevant entity, the extent to which the profit or loss before tax was so affected, and any other significant component of revenue or expenditure necessary to understand the profit or loss before tax for each of these financial periods; and

(f) a summary on whether the business or profitability of the relevant entity is materially dependent on any patent or licence, industrial, commercial or financial contract (including a contract with a customer or supplier) or new manufacturing process.

4. In paragraph 3 of this Part, a reference to the relevant entity shall, if the relevant entity is the holding company or holding entity of a group, be a reference to the group.

4A. Where the relevant entity has made any statement in the prospectus regarding its position vis-à-vis its competitors, disclose the basis for such statement.

(52) Explanatory Note: New paragraph 4A is proposed to require the issuer to disclose the basis for any statement made regarding its competitive position. This is to make clear that unsubstantiated statements which are mere puffery should not be included in the prospectus.

**Liquidity and Capital Resources**

5. Provide the following information regarding liquidity (both short and long term) in respect of the relevant entity:

(a) a description of the material sources of liquidity, whether internal or external, and a brief discussion of any material unused sources of liquidity, as of the latest practicable date, including a statement by the directors or equivalent persons of the relevant entity as to whether, in their reasonable opinion, the working capital available to the relevant entity as at the date of lodgment of the prospectus is sufficient for at least the next 12 months present requirements—and, if insufficient, how the additional working capital, considered by the directors or equivalent persons to be necessary, is proposed to be provided. When ascertaining whether working capital is sufficient, any financing facilities which are not available as at the date of lodgment of the prospectus shall not be included, but net proceeds from the offer may be taken
into account if the offer is fully underwritten. Where the offer is not fully underwritten, minimum net proceeds may be included only if it is an explicit condition of the offer that minimum net proceeds are to be raised and that the application monies will be returned to investors if the minimum net proceeds are not raised;

(b) an evaluation of the material sources and amounts of cash flows from operating, investing and financing activities in respect of —
   (i) each financial year for which audited cash flow statements have been included in the prospectus; and
   (ii) if an interim cash flow statement has been included in the prospectus, the period covered by the interim cash flow statement;

(c) the nature and extent of any legal, financial or economic restriction on the ability of a subsidiary or subsidiary entity of the relevant entity to transfer funds to the relevant entity in the form of cash dividends, loans or advances, and the impact such restrictions have had or are expected to have on the ability of the relevant entity to meet its cash obligations;

(d) the level of borrowings as at the end of the most recent completed financial year or, if any interim financial statements have been included, the period covered by the interim financial statements, the extent to which the borrowings are at a fixed rate, and the maturity profile of the borrowings and committed borrowing facility, with a description of any restriction on its use;

(e) if the relevant entity or any other entity in the group is in breach of any of the terms and conditions or covenants associated with any credit arrangement or bank loan which could materially affect the relevant entity’s financial position and results or business operations, or the investments by holders of debentures or units of debentures, as the case may be, of the relevant entity —
   (i) a statement of that fact;
   (ii) details of the credit arrangement or bank loan; and
   (iii) any action taken or to be taken by the relevant entity or other entity in the group, as the case may be, to rectify the situation (including the status of any restructuring negotiations or agreement, if applicable); and

(f) in the case of a guaranteed debenture issue, the information referred to in sub-paragraphs (a) to (e) in respect of the guarantor entity.

6. Provide information on —
(a) any material capital investment, including the amount invested, from the end of the period covered by the most recent financial statements included in the prospectus (whether such financial statements are annual financial statements or interim financial statements) to and including the latest practicable date;

(b) any material commitment for capital expenditures as of the latest practicable date, including the general purpose of such commitment and the anticipated source of funds needed to fulfil such commitment; and

(c) any other material capital investment which is being planned for or in progress as of the latest practicable date, including the method of financing.

any material commitment for capital expenditures as of the latest practicable date and indicate the general purpose of such commitment and the anticipated source of funds needed to fulfil such commitment.

(53) **Explanatory Note:** Amendments to paragraph 6 are proposed to consolidate all relevant disclosure requirements relating to material capital expenditures in one paragraph. Disclosure on planned divestments is proposed to be made non-mandatory as such information is generally not significant to debenture holders. Where such divestments is material to the evaluation of the issuer’s solvency or its ability to fulfil its obligations to debenture holders, the issuer would have to make relevant disclosures under proposed new paragraph 1(d) above.

6A. Where the amount of trade receivables is material, provide information on the relevant entity’s credit policy, the circumstances under which credit terms may be extended, the average collection period for each of the 3 most recent completed financial years and, if any interim financial statements have been included in the prospectus, the interim period, and any significant exposure to doubtful trade receivables for each of the 3 most recent completed financial years and, if any interim financial statements have been included in the prospectus, the interim period. If the amount of trade receivables as at the end of the most recent completed financial year or, if interim financial statements have been included, as at the end of the interim period, was significant, state the amount which has been collected as of the latest practicable date.

6-7. In paragraphs 5, and 6 and 6A of this Part, a reference to the relevant entity shall, if the relevant entity is the holding company or holding entity of a group, be a reference to the group.

**Trend Information and Profit Forecast or Profit Estimate**
8. Where there has been a material adverse change in the business and financial prospects since the end of the period covered by the most recent financial statements included in the prospectus (whether such financial statements are annual financial statements or interim financial statements), provide details of this material adverse change. If there has been no material adverse change, provide an appropriate statement to that effect.

8A. Discuss, for at least the current financial year, the business and financial prospects, as well as any known trends, uncertainties, demands, commitments or events that are reasonably likely to have a material effect on net sales or revenues, profitability, liquidity or capital resources for at least the current financial year, or that would cause financial information disclosed in the prospectus to be not necessarily indicative of the future operating results or financial condition of the relevant entity. If there are no such trends, uncertainties, demands, commitments or events, provide an appropriate statement to that effect.

(54) Explanatory Note: Amendments to paragraph 8 are proposed to reduce the amount of details which the issuer has to provide in respect of its discussion on business and financial prospects. Specifically, it is proposed that a detailed discussion would be required only if there has been a material adverse change to its prospects. This is in line with the approach taken in the EU/UK.

7. Where a profit forecast or profit estimate is disclosed, state all principal assumptions, if any, upon which the directors or equivalent persons of the relevant entity have based their profit forecast or profit estimate, as the case may be.

9. Where the profit forecast disclosed is in respect of a period ending on a date not later than the end of the current financial year of the relevant entity, provide in addition to the statement referred to in paragraph 10 of this Part —

(a) a statement by the issue manager (whether referred to as an issue manager, a lead manager, an arranger or otherwise) to the offer, or any other person whose profession or reputation gives authority to the statement made by him;
(i) that the profit forecast has been stated by the directors or equivalent persons of the relevant entity after due and careful enquiry and consideration; or

(ii) to the effect that, on the basis of his examination of the evidence supporting the assumptions referred to in paragraph 9 of this Part, no matter has come to his attention which gives him reason to believe that the assumptions do not provide reasonable grounds for the profit forecast; or

(a)(b) a statement by an auditor of the relevant entity, prepared on the basis of his examination of the evidence supporting the assumptions referred to in paragraph 9 of this Part and in accordance with the Singapore Standards on Auditing or such other auditing standards as may be approved in any particular case by the Authority, to the effect that no matter has come to his attention which gives him reason to believe that the assumptions do not provide reasonable grounds for the profit forecast.

10. Where the profit forecast disclosed is in respect of a period ending on a date after the end of the current financial year of the relevant entity, provide in addition to the statement referred to in paragraph 10 of this Part —

(a) a statement by the issue manager (whether referred to as an issue manager, a lead manager, an arranger or otherwise) to the offer, or any other person whose profession or reputation gives authority to the statement made by him, prepared on the basis of his examination of the evidence supporting the assumptions referred to in paragraph 9 of this Part, to the effect that no matter has come to his attention which gives him reason to believe that the assumptions do not provide reasonable grounds for the profit forecast; or

(b) a statement by an auditor of the relevant entity, prepared on the basis of his examination of the evidence supporting the assumptions referred to in paragraph 9 of this Part and in accordance with the Singapore Standards on Auditing or such other auditing standards as may be approved in any particular case by the Authority, to the effect that no matter has come to his attention which gives him reason to believe that the assumptions do not provide reasonable grounds for the profit forecast.

Explanatory Note: Singapore incorporated companies that have issued, or are in the process of issuing, equity or debt instruments for trading in a public market in Singapore (“Listed Singapore Companies”), are required by the Accounting Standards Council to apply a new Singapore financial reporting framework (“New Framework”) (that is identical to IFRS) for financial years beginning on or after 1 January 2018. ASC’s requirement does not apply to business trusts that are registered under the Business Trusts Act (“Registered BTs”) administered by MAS. MAS announced in its press release of 19 January 2017 that it will require Registered BTs to prepare financial statements in accordance with the New Framework for financial years beginning on or after 1 January 2018. This will align the treatment of Registered BTs with Listed Singapore Companies. Accordingly, MAS is proposing to replace existing references to “FRS” with “New Framework”. These amendments are intended to facilitate comparability between financial information (including annual financial statements) in prospectuses accompanying offers by Registered BTs with financial information available post offering.

8A. Notwithstanding paragraph 8 of this Part, an annual financial statement to be provided under paragraph 2 of this Part may be prepared in accordance with the Financial Reporting Standards (referred to in this Part as FRS), provided that —
