To promote and create greater awareness of the SGS market, a number of PDs have initiated and maintained regular research coverage. The research includes analysis of trading performance of the SGS market and the annual issuance calendar.

**Deutsche, HSBC, Maybank, OCBC and UOB**

## **Dealer Platforms for SGS**

Selected PDs have deepened their commitment to secondary market activity via dedicated single dealer platforms, either both customised and developed in-house, or specific PD pages on external platforms.
