

# Singapore Funds Industry Group

SingaporeFunds

Promoting and developing Singapore as a leading asset management centre and fund domiciliation hub

## What is it?

SFIG is a new industry group formed to further strengthen the value proposition of Singapore as a leading global full-service asset management and fund domiciliation hub

## Who are its stakeholders?

Fund managers and service providers, including lawyers, tax advisors, fund administrators and directors, across the entire asset management value chain

## Collaboration across the industry towards a single vision

### Infrastructure & Innovation

*Spur innovation to transform the funds servicing value chain*

### Policy

*Recommend improvements to better serve the needs of fund managers and investors*

### Capabilities & Training

*Build a deep pool of fund specialists and directors*

### Promotion & Advocacy

*Raise the global profile of Singapore as a leading asset management centre and fund domiciliation hub*
