MARKETS) REGULATIONS 2018
REGULATION 9(1)(d)(i)
**MONTHLY STATISTICS TO BE SUBMITTED BY
AN APPROVED EXCHANGE OPERATING AN
ORGANISED MARKET IN RESPECT OF
SPECIFIED PRODUCTS**

FORM
6

Explanatory Notes

1. Please read the explanatory notes and questions carefully before completing the form.
2. All questions must be answered. If a question is not applicable, please mark "N.A." in the space provided.
3. The approved exchange should provide any additional information considered relevant or material to the various parts of this form.
4. If there are any changes in the submitted information, the Monetary Authority of Singapore should be notified immediately.

I. MONTHLY TRANSACTIONS AND COMPANIES LISTED OR QUOTED

1. Provide the following information on transactions on the respective markets or trading boards of the approved exchange in the last completed month:
 - (a) the turnover, by volume and value (with details on the number of trading days in the month; average daily or monthly turnover by volume and value; breakdown of turnover data by sectors, securities denominations, etc.);
 - (b) the top 20 most active stocks, by volume and value; and
 - (c) the turnover on other relevant overseas exchanges (e.g. overseas exchange(s) which the approved exchange has alliances with).
2. Provide information on transactions by members of the approved exchange in the last month. Information for each member should include its monthly aggregate buy/sell transaction(s), and its share and ranking in terms of monthly market transaction(s).
3. Provide the following information on the number of companies listed or quoted on the respective markets or trading boards of the approved exchange as at the end of the last completed month:
 - (a) the total number of companies listed or quoted and the market capitalisation of these companies, broken down by sector classification, country of incorporation, and country of principal place of business; and
 - (b) the top 20 largest companies by market capitalisation, and their individual capitalisation as a percentage of the market capitalisation of the respective markets or trading boards.
